

Community Engagement Forum “Prompt” Sheets Housing and Development

There is a lot of talk about provision of “affordable housing” – however, without significant capital or partnerships with housing associations, making any dwelling in Grimsargh truly “affordable”, by national standards would be a challenge. We can try to influence house “types” though – so what types would you wish to see more or less of? E.g. large family detached residences, bungalows, apartments, terraced/mews style, etc.

What are your thoughts on Grimsargh expanding further, housing wise?

What are your thoughts on Extra Care Housing?

Are there any house “styles” you particularly are for or against?

Do you have any views on self-build?

Are there any locations you would be particularly in favour of or against for additional development?

Be aware – Gladman and other developers have lost appeals due to a robust Neighbourhood Plan being in place.....

Community Engagement Forum “Prompt” Sheets Ecology & Heritage

Do you use any of the outdoor areas of the Village – the Green, public footpaths, etc? Which do you particularly value?

Do you ever visit the Carbis Garden?

What are your views on the Wetlands? Would you like to get more involved in the Wetlands?

What particular historical assets do you value in the Village? Are you aware of what they are?

If we were to develop a Local Listing of Heritage Assets – what would you wish to see it include?

Are there any particular views that you value?

Community Engagement Forum “Prompt” Sheets Community & Social including youth provision

Do you use any of the Groups in the Village – e.g. Brownies, Guides, Rainbows, Scouts, Toddlers, WI, Mothers’ Union, Gardening Club, Badminton, Choir, etc. What are your thoughts/feedback on those groups – do they need more support or better facilities?

Youth provision is always a difficult area – particularly in a small Village, but is there any particular facility that you would want to be developed? E.g. a MUGA (Multi-Use-Games-Area – not only for the young....). If so – would you be prepared to help in the running of such a facility?

What are your thoughts on the shopping facilities in the village?

Community Engagement Forum “Prompt” Sheets

Health, wellbeing and Fitness

Are there additional health facilities you would welcome in the Village?

Is there any particular leisure/fitness facility that you would want to be developed? E.g. a MUGA (Multi-Use-Games-Area – not only for the young....). If so – would you be prepared to help in the running of such a facility?

Rainbows, Scouts, Toddlers, WI, Mothers’ Union, Gardening Club, Badminton, Choir, etc. What are your thoughts/feedback on those groups – do they need more support or better facilities?

Are there additional groups you would like to see become established? E.g. self-help groups?

Community Engagement Forum “Prompt” Sheets Environment, Utilities & Sustainability

What are your views/thoughts on renewable energies? If a carbon-reduction project were to be kicked off in the Village – would you be interested? Are there additional/other/better ways of protecting and enhancing the environment that you would suggest should be promoted/pursued?

What are your thoughts on utilities provision, in light of new developments? Are you aware of schemes like Combined Heat and Power?

Do you have any thoughts on any sustainability codes that should be applied to new developments?

Community Engagement Forum “Prompt” Sheets Access & Transport

What is your primary mode of transport a) around the Village and b) and in/out of the Village? You can put two, if appropriate: on foot, cycling, bus, car, motorbike, other?

We are told that, by national standards, traffic through the village is not “severe”. What would you, realistically like to see done about traffic?

What additional transport modes would you like to see encouraged?

Community Engagement Forum “Prompt” Sheets Business and Employment

There are quite a number of smaller businesses based in the Village, together with the commercial premises and John Turner.

What are your thoughts on employment provision in the Village?
Do you want more or less?

Are there any support facilities for business you would like to see in the Village (e.g. Business Club, Local Directory)? Would you be prepared to get involved in establishing such facilities?

What are your thoughts on the shopping facilities in the village?

Community Engagement Forum “Prompt” Sheets Safety and Security including crime prevention, roads & pavements

The Parish Council and police are setting up CCTV in the Village – was this something that you welcomed?

What else would you support being set up in the Village – e.g. ANPR (Automatic Number Plate Recognition), additional speed cameras

The Village Hall is registered as an Emergency Rest Centre – are there any other facilities that you think we, as a Village, could develop – e.g. list of persons with key skills, useful equipment, etc?
